

## **NATIONAL STANDARDIZED TEST SCORES AS PART OF A STUDENT'S OFFICIAL TRANSCRIPT**

National test centers, such as ACT, PSAT, and SAT are now requiring schools to have written permission for a student's national standardized test scores to be part of an official transcript.

In order for your student to have ACT, SAT, PSAT, PLAN, Stanford, and any additional national standardized test scores as part of their official transcript, Morrisonville High School must obtain your written permission.

Official transcripts are commonly requested for admission to colleges, universities, vocational or trade schools, and scholarship applications.

If Morrisonville High School office does not have a completed form on file, with a student and parent signature, a student's national standardized test scores will not be part of their official transcript.

Any time a copy of the student's national standardized test scores are requested, the student will be required to provide the necessary information if permission is not granted.
